SUBJECT: Revision to CCC 03-06: Duration of Free and Reduced Price Meal Eligibility Determinations

CONTACT: Louise Frey **PH:** (801) 538-7686

Policy Bulletin CCC 03-06 incorrectly stated the timing if a household reports an income of zero (0). It should read that when a household reports an income of zero (0), approval for free meals is temporary and must be checked in **45** days.

If at that time the household reports an income, the center should have the household complete a new IEF.
